

## **God With Us Curriculum: Objectives & Outcomes:**

### **Objectives: Youth and Children participating in God With Us programs will:**

1. understand that the Bible (God's Word) is not only something that is read during church and Bible study. God's Word is a vital part of our lives – something we live out every day.
2. grow in self-confidence and their ability to have good, healthy friendship, resist peer pressure, and make decisions.
3. experience the Gospel in a new and deeper way that truly transforms their lives and motivates them to share the Gospel of Jesus Christ with others.
4. be equipped with the skills and have the passion to teach the contents of the curriculum to peers and younger children.

### **Outcomes: While participating in active learning, and then teaching the lessons,**

1. Youth and children will incorporate God's word into their daily lives.
2. Youth and children will demonstrate increased confidence, healthier friendships & relationships, an improved ability to resist peer pressure and the ability to make better decisions, among other things.
3. Parents will see the impact in their children, and some will themselves be changed because of their children's sharing.
4. Youth and children will allow the Gospel to transform their lives and be able to meaningfully share God's message of salvation with others.
5. Youth and children will be actively involved in teaching peers and younger children the content of this curriculum.
